

Invitation and agenda 5th Workshop of Croatian Society of Clinical Embryologists in collaboration with VITROLIFE

Vitrolife workshop

Welcome to a Vitrolife workshop focused on vitrification, time-lapse, laser and laboratory monitoring.

The course contains both theoretical and hands-on sessions

Date:

22nd-24th March 2019

Organizer:

Vitrolife Sweden; FertiCAD, Hungary;
Galen-Focus Serbia

Time:

1-day workshop on the 23rd of March
Full day from 8.30 to 19.00

Location:

LifeClass Terme Sveti Martin
Izvorska 3, 40313, Sveti Martin na Muri, Croatia

Costs:

The cost of the event is covered by the organizers

Kliničkih Embriologa

Vitrolife workshop

Hosted by professionals

The workshop will be held at LifeClass Terme Sveti Martin and is hosted by Vitrolife embryologists and specialists and invited local guest speakers.

Dates

22nd to 24th March 2019.

Who should participate?

The workshop is aimed at experienced embryologists who are interested in learning more about vitrification, time-lapse, laser and laboratory monitoring technologies. The focus is on the use of:

- Rapid-i vitrification system and RapidVit/Warm OMNI media
- Time-lapse for optimal incubation, as the best evaluation tool for embryo selection and for optimizing the workflow in the laboratory (EmbryoScope and PrimoVision).
- OCTAX Navilase, as a safe tool for embryo biopsy
- OCTAX Log&Guard, as a professional laboratory monitoring system

Register for the workshop by contacting the organizer company as soon as possible (contact: Maja Orsag, e-mail: maja@contres.hr)

WORKSHOP AGENDA

Friday 22nd March

Time	Content
Afternoon/evening	Arrivals of participants
19.00-	Opening ceremony and dinner

WORKSHOP AGENDA

Saturday 23rd March

Time	Content
8:30 - 8:50	Self introduction of the participants
8:50 - 9:20	Introduction of Vitrolife company and product overview (András Fodor, Sweden)
9:20 - 9:50	Vitrolife media in practice (Guest speaker)
9:50 - 10:20	Vitrification by Vitrolife (Ann-Helene Jacobsson, Sweden)
10:20 - 10:35	Blastocyst vitrification: comparison of old and new media (Dejan Ljiljak, Croatia)
10:35 - 10:50	Discussion & Coffee break
10:50 - 11:35	Time-lapse by Vitrolife (Martin Fog Thomsen, Denmark)
11:35 - 11:50	Our experiences with time-lapse technology (Katarina Matković, Croatia)
11:50 - 12:05	Single or group culture in times of time lapse embryo monitoring systems (Péter Fancsovits, Hungary)
12:05 - 12:35	OCTAX lasers: features and applications (Paul Gassner, Germany)
12:35 - 13:05	Safety in your lab - OCTAX Log&Guard (Florian Grojer, Germany)
13:05 - 13:20	Discussion
13:20 - 14:20	Lunch
14:20 - 18:30	Hands-on: Participants in 5 rotating groups <ul style="list-style-type: none">- Station 1: Rapid-i vitrification with OMNI media- Station 2: EmbryoScope- Station 3: PrimoVision Evo+- Station 4: OCTAX Navilase- Station 5: OCTAX Log&Guard
18:30 - 18:45	Certificate awarding
18:45 - 19:00	Closing remarks
20:00 -	Gala dinner and party

Organizer company:

MARTICEVA 34, 10000 ZAGREB, CROATIA
