

## Invitation and agenda for 6th workshop of Croatian Society of Clinical Embryologists in collaboration with ESCO Medical

# ESCO Miri Time-Lapse workshop

The course contains both theoretical and hands-on sessions.

**Date:**

March 28th 2020

**Organizer:**

ESCO Medical  
RR Medical d.o.o.  
Clinical Hospital Center Rijeka  
HDKE

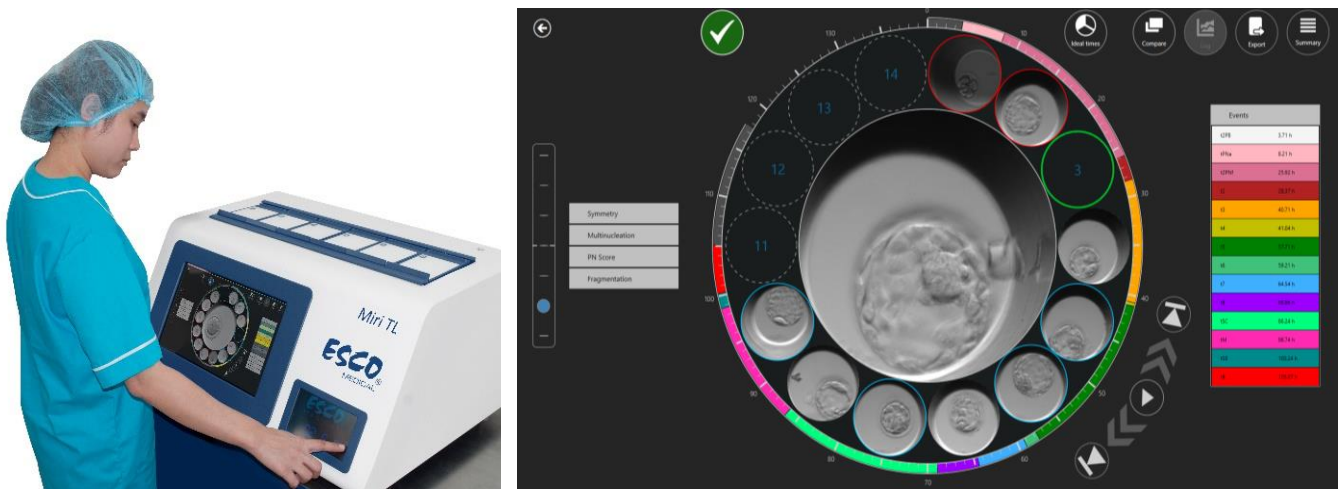

**Time:**

1-day workshop on Saturday, the  
28th March 2020

**Location:**

Clinical Hospital Center Rijeka  
Clinic of Obstetrics and Gynecology  
Dept of Human Reproduction  
IVF laboratory  
Cambierieva 17, 51000 Rijeka, Croatia

Full day from 8.30 to 17.30

## Hosted by professionals

The workshop will be held at Clinical Hospital Center Rijeka and will be hosted by ESCO Consultant and Advisor Professor Dr. Thomas Ebner, ESHRE Board Member and IVF Lab Director, Kepler University Clinic, Linz, Austria.

## Date

March 28th 2020

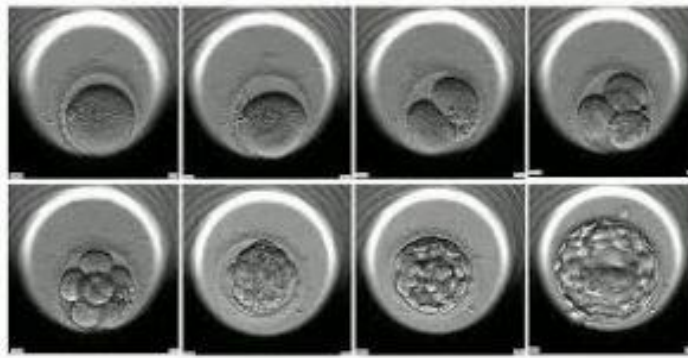

## Who should participate?

The workshop is aimed at experienced embryologists who are interested in learning more about time-lapse. The focus is on the use of ESCO MIRI Time-Lapse for optimal incubation, as the best evaluation tool for embryo selection and for optimizing the workflow in the laboratory.

**Register for the workshop by contacting the organizer as soon as possible (contact: Tamara Tramišak Milaković [tamara.tramisak@gmail.com](mailto:tamara.tramisak@gmail.com))**
